Comes From Salem High Athletic Board

Gift Of \$5,000 Will Speed Work On Lights At Stadium

The Salem High School Athletic Board donated \$5,000 to the Reilly Stadium Lighting Fund and agreed to lend the school any additional funds necessary to have the lights ready for the 1962 football season, it was announced when the Board of Education held its monthly meeting Monday night.

The \$5,000 donation brings the lighting fund total to \$15,650, including \$10,000 set aside by the school board \$500 donated by the Kiwanis Club and \$150 offered by the Salem Boosters Club. Half of the money allotted by the board was set aside in 1961, with the remainder being added this year. The total is expected to be near, if not exceed, the total cost of

the new system. Bids are to be opened July 6.

According to Superintendent Paul E. Smith, two separate lighting plans are under consideration, with both proposals calling for movement of the light poles out of the spectators' line of vision. Contract specifications were not available.

The present lighting system was installed in 1927. It was the first high school lighting facility in the state and has been improved several times.

The Board of Education last night adopted an Athletic Board recommendation that West Branch High School be granted the use of the high school gymnasium, Dec. 15, and Saturday, Feb. 9, 1963, for basketball games was approved. The Salem High

team will be out of town both nights.

Approval was also given to the city parks and recreation committee for the use of school facilities for the committee's summer program.

IN OTHER BUSINESS, the board approved the hiring of seven new teachers for the 1962-63 school year.

Four of the new teachers are residents of Salem. Mrs. Loretta Dye Burt, a graduate of Youngstown University, will teach second grade at McKinley School; Miss Amelia Buta, a Kent State University graduate, will teach eighth grade English; Harry Izenour, also a Kent graduate,

Businessmen To Study JFK Economic Acts

Agree To Examine Gold Flow, Balance Of Payments Steps

WASHINGTON (AP)—A group of top ranking businessmen has agreed to examine the Kennedy administration's steps to halt the balance of payments deficit and to make recommendations on how to stop the resulting flow of U.S. gold abroad.

The businessmen, headed by U.S. Steel Corp. Chairman Roger M. Blough, conferred with President Kennedy for an hour Monday night. Afterward, White House press secretary Pierre Salinger said they had agreed to make the balance of payments study.

Follows Unity Appeal
The meeting followed Kennedy's appeal Monday in a Yale University commencement speech for cooperation between the government and all segments of the economy.

Salinger said of the meeting: "The President feels that this kind of cooperation is most important and is the kind of cooperation that can be most helpful between business and the government."

In his speech earlier in the day Kennedy had declared: "The solid ground of mutual confidence is the necessary partnership of government with all sectors of our society in the steady quest for economic progress."

The President also said those who blame his administration for the sharp decline in stock prices are raising a false issue.

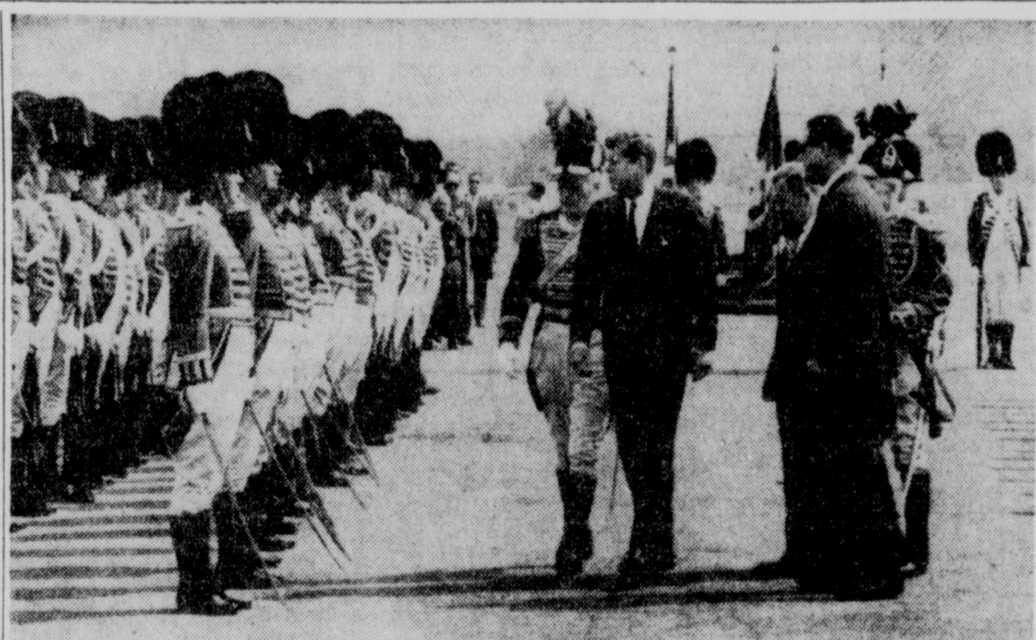

Two of his most frequent Republican critics—Senate Minority Leader Everett M. Dirksen of Illinois and House Minority Leader Charles Halleck of Indiana—hammered away again Monday on the subject of the economy at a news conference.

"It has become clear that the Kennedy administration has got America moving again—but in the wrong direction," Dirksen said. "The stock market's crash has supplied the evidence."

Halleck said of Kennedy's proposal to cut income taxes next year: "Evidently this means that Mr. Kennedy intends to cut taxes and spend at the same time. We say the two are contradictory so far as promoting confidence is concerned and can only produce intolerable deficits that will further depress the economy."

Viet Cong Says GI Rips U. S.

Radio Captured Yank's 'Statement'

SAIGON, South Viet Nam (AP)—Vietnamese Communists have broadcast what they claimed to be a captive American soldier's statement denouncing "the criminal maneuvers of U.S. imperialism" in South Viet Nam.

The soldier was identified as Spec. 4 George F. Fryett Jr., 26, whose parents live in California. He is the only U.S. serviceman listed as missing among the 6,500 U.S. troops stationed in South Viet Nam to help President Ngo Dinh Diem's government fight the Communist Viet Cong guerrillas.

Fryett, a clerk in the U.S. Military Assistance and Advisory Group in Saigon, disappeared last Dec. 24. He reportedly went by bicycle to a village in Bien Hoa Province, north of Saigon, and apparently was captured by the Viet Cong.

The Communist "Liberation Radio," believed to be in North Viet Nam, broadcast Fryett's purported statement Saturday. It was picked up by U.S. Embassy monitors in Saigon and a translation was made available today.

According to the broadcast Fryett appealed to the Communists for leniency and asked to be returned to "my compatriots' community" where "I want to be able to do something good for your people, such as by informing the American people of the presence of and illegal acts by the U.S. troops in South Viet Nam."

U.S. Embassy officials stressed that there was no confirmation that Fryett had made the state-

U. S. Will Retain Forces In Thailand

WASHINGTON (AP)—The United States will keep military forces in Thailand for the time being despite the agreement of neighboring Laos' three political princes to form a coalition government.

High U.S. officials, in disclosing this today, said they believe the threat of a Communist-dominated Laos has been averted, at least for the present.

However, the new Laotian government is expected to be too weak at the outset to halt the threat of Red infiltration from neighboring North Viet Nam.

U.S. troops in Thailand, which now number about 4,800, are being retained there as a protection against Communist infiltration into that U.S.-allied country.

The United States is concerned, too, about the infiltration of Communist guerrillas into pro-Western South Viet Nam via a corridor through southern Laos. This flow is expected to continue.

U.S. officials are hopeful that the 14-nation Geneva conference on Laos can meet by the first week of July, or possibly sooner, to put into effect the agreements which will naturalize Laos and remove it from the cold war arena.

Prince Souvanna Phouma, premier-designate of the new coalition government, is expected to head the Laotian delegation at Geneva.

There is still a blank spot in the Geneva agreement which remains to be negotiated. This is a declaration by Laos of the neutrality it expects to maintain under its new government of national union.

American authorities are now going on the assumption that the military dispute that divided the little Southeast Asian kingdom can be shifted to the political arena.

With the progress made thus far toward setting up a coalition government, the United States can resume its financial assistance to the royal government and will be ready to continue aid to the new Souvanna Phouma government once it has taken the reins of power.

The United States has held up budgetary assistance amounting to \$3 million a month since February.

7 Fishermen Cited Into Lisbon Court
LISBON — Seven men are cited into County Judge James MacDonald's court here tonight to answer to charges of fishing without a license and also vandalism.

The men were arrested at Guilford and Zepernick state lakes on Route 172 by special agents of the Ohio Department of Natural Resources.

HEARING CONTINUED
LISBON — A hearing for a 16-year-old Lisbon RD 3 youth charged with taking a 1961 convertible owned by Mary Metz of East Liverpool RD 2, was continued Monday until June 18 by Judge Louis Tobin. The boy was taken to the county jail detention room to wait for his hearing.

High Altitude Explosion Set Late This Week

Navy Is Keeping Watchful Eye on Soviet Spy Fleet

WASHINGTON (AP)—The Soviet Union has sent a fourth ship bristling with scientific instruments to spy on U.S. nuclear tests in the Pacific.

This addition to the Russian snoop patrol was disclosed today as the United States prepared for a second try at firing a nuclear device at a high altitude over Johnston Island.

Informed sources indicated the shot—biggest of the U.S. test series—is likely late this week. The Federal Aviation Agency said Monday the shot more than 500 miles over the Johnston Island test area is expected to blot out instantly all high frequency radio communications in the Pacific. Some of the disruption will last 32 hours or longer, the FAA said.

First Test Failed
The first high-altitude test shot ended disastrously June 4 when a Thor missile carrying the warhead aloft was purposely destroyed after the rocket tracking system developed trouble.

The presence of three Soviet instrument ships within 10 to 15 miles of the Pacific test area was announced by the Defense Department 18 days ago. It said they were obviously on a large-scale military intelligence collection mission.

It appeared the Soviet research ships may have collected data from Sunday's plane-dropped nuclear device which exploded over Christmas Island and released the equivalent of from one to several million tons of TNT. This was the 17th—and one of the biggest—announced shots in the current U.S. test series.

The new Soviet ship was identified as the A. I. Voyevkov, a sister ship of the Shokalskiy, the largest of the three research vessels which took up stations during May.

This means the Voyevkov displaces about 3,600 tons and is equipped with extensive scientific

3 State Troopers Crushed As Bus Rams Patrol Car

KEARNY, N.J. (AP)—Three state troopers were crushed to death when a bus rammed their patrol car and plowed over them on the New Jersey Turnpike Monday in an accident involving four vehicles.

The driver of the bus, Raymond E. Peters Jr., 35, Easton, Pa., told police investigators that his brakes failed. The big Royal Blue Coach Inc. vehicle struck a passenger car, careened into the police car and sent it smashing into a dump truck, then rode over the police cruiser and settled atop it.

The bus underwent a thorough check by investigators from the state police, the Public Utility Commission and the Interstate Commerce Commission.

The dead were troopers Joseph De Frino, 25, Lyndhurst, who was driving the cruiser, Milan Simcak, 36, Paramus, and Arthur J. Abagnale Jr., 26, Cliffside Park.

Five persons were injured—Peters, the two passengers in the bus, a rider in the private car and the driver of the dump truck.

COLLISION OCCURS
Vehicles operated by Clyde Boyer, 17, of Washingtonville and Mariann K. Greiner, 24, of RD 1, Beloit, collided at the intersection of E. State and Lincoln Monday at 3:40 p.m. Both drivers claimed they had the green light. Minor damage was done to both autos.

Fanfani Loses Ground In Italy

'Turn to the Left' Rejected by Voters

ROME (AP)—Italy's ruling Christian Democratic party lost ground today in returns from municipal elections that provided the first major vote test of Premier Amintore Fanfani's "turn to the left."

Fanfani had appealed for victory as an endorsement of his center-left national government formed three months ago. But final results from the 34 largest cities and towns in the election—representing 2,467,099 of the total 3 million votes cast—gave the four allied parties 49.3 per cent of the vote.

Control of the Rome City Council, biggest prize in the weekend balloting in 157 cities and towns, eluded Fanfani's alliance by one seat.

Although the election outcome was watched as a possible indication of the balloting in the general elections next year, Fanfani said his government would not resign even if the coalition lost votes.

The alliance includes the Christian Democrats, Democratic Socialists and Republicans, with outside support pledged from the Socialist party formerly allied with the Communists.

The fascists on the extreme right made only slight gains despite their most intensive political campaign since the war. Monarchists slumped badly, even in their oldtime stronghold of Naples.

Democratic Socialists scored important gains, but not enough

'Star' Disputes Cause Studio To Cancel Movie

HOLLYWOOD (AP)—Hollywood's star system came in for sharp criticism today following 20th Century-Fox's decision to give up on, "Something's Got to Give."

Executive Vice President Peter Levathes announced cancellation of the film Monday night. The development was preceded by the sacking of Marilyn Monroe on Friday and co-star Dean Martin's subsequent refusal to work without her.

Levathes was terse in his announcement, saying only that the movie was reluctantly made.

But the boss of another studio commented: "The star system has got way out of hand. We've let the inmates run the asylum and they've practically destroyed it."

Members of the crew assigned to the Monroe-Martin vehicle said they hoped to run an ad in the trade papers headed: "Thanks, Dean and Marilyn, for putting us out of work."

Miss Monroe was fired for absenteeism. The studio said she showed up only five working days in seven weeks of shooting. The star blamed illness for her absences. On film, however, was her much-publicized nude bathing scene.

All told, 20th Century-Fox lost \$2 million worth of film by scrapping the picture.

After Marilyn was fired, she was replaced by Lee Remick. Then co-star Dean Martin departed, saying he'd work with no one but Monroe.

Compromise On Medicare Sought

WASHINGTON (AP)—President Kennedy's lieutenants and his legislative supporters are off on a new and crucial quest—a compromise version of his health care plan which the House Ways and Means Committee might accept.

As the committee renewed consideration of the proposal the

Dems To Push For Tax Cuts

Won't Postpone Action on Issue

WASHINGTON (AP)—President Kennedy and Democratic congressional leaders renewed their determination today to press for tax legislation during the present session of Congress.

Following the weekly breakfast conference of the leaders with Kennedy, Sen. Mike Mansfield of Montana, the Democratic Senate leader, said he wanted to make it "perfectly clear that neither the President nor we of the Democratic leadership are considering postponing action on this vitally important legislation."

Mansfield said there is virtually complete agreement in every sector of the economy that the nation's continued growth and well-being demand an incentive for business investment in new production equipment.

"We are providing precisely that incentive in the investment credit provision of the pending tax bill," Mansfield said.

"Other sections of the bill are equally important—particularly the proposal to withhold taxes on dividends and interest income, which is essential as a matter of simple tax fairness."

The decision to keep fighting came in the face of a declaration by Sen. Harry F. Byrd, D-Va., that he opposes the withholding tax. Byrd, one of Congress' most influential men in tax matters, also dislikes the investment incentive feature of the bill.

Mansfield said he believes the people, "who have been so grievously misled by the propaganda campaign of those who have their own selfish reasons for opposing withholding, now understand that withholding will work no hardship to honest citizens who have always paid their taxes."

He said he hopes the tax bill will be ready for Senate action in July.

Mansfield, who did all the speaking for the leaders, said there was no discussion today of medical care legislation.

There have been reports on Capitol Hill that Kennedy is willing to compromise on some features of the medical care proposal, but not the key provision which would tie financing to the Social Security program.

White House showed signs Monday of giving ground. Secretary of Welfare Abraham Ribicoff's proposals to the panel in a closed session apparently signaled administration acceptance of two propositions:

1. Unless it is substantially changed, the proposal has no chance of obtaining approval by the powerful tax-writing committee which has had it on the table more than a year.

2. Unless the committee approves it, the measure has only a minute chance of enactment before Congress adjourns and the congressional election campaigns begin.

Asking not to be quoted directly, committee supporters of the bill said in interviews that Ribicoff's comments left no doubt the administration earnestly wants a bill this year.

It was understood Ribicoff told the committee Kennedy would have no part of a measure which did not contain Social Security financing for his health program for the aged. Everything else, so these sources were given to believe, is negotiable.

At a news conference House Republican Leader Charles A. Halleck of Indiana took note of the administration's maneuvering and characterized it as a sign of defeat.

"I say they haven't got the votes to get this bill out of the Ways and Means Committee or to pass it in the House," Halleck said. "There is a growing awareness that this bill is not good."

The original administration proposal was for a schedule of hospital, nursing home and outpatient benefits—not including ordinary doctor bills—to be available to aged persons retired under Social Security and to be paid for by an increase in the payroll tax on employers and employees.

Possible areas of compromise would include the scale of benefits to be offered and the corresponding cost; provisions to take care of persons not covered by Social Security, which, according to estimates, could involve an outlay of as much as \$150 million a year from the general fund of the Treasury, and devices to reassure hospitals which would fear federal domination from the contract provisions of the original bill.

Wellsville Woman Hurt In Rt. 30 Smash

LISBON — Mrs. Charlotte Clutter of 1715 Nevada St., Wellsville, suffered a whiplash injury when her car was struck Monday at 2:45 p.m. as she pulled from a produce stand about three miles south of Lisbon on Route 30.

She is in good condition at Salem City Hospital where she was admitted for neck and chest injuries.

Her auto was hit in the rear as she drove away from the fruit market by a car driven by Don Smith of RD 1, Rogers, the State Patrol reported. He was cited for unsafe operation.

Grade Crossing Attendant Arrested

Argentine School Bus, Train Mishap Kills 43

BUENOS AIRES, Argentina (AP)—Leading Argentine surgeons labored today to save many youngsters grave injured when a commuter train rammed a school bus jammed with more than 100 school children Monday.

Two among the injured died Monday night, raising the death toll in the crash at a fog-shrouded railroad crossing to 43. Eighty-one persons, most of them children under 10, were on the injured list.

Some of the mangled youngsters died when plasma and blood transfusion supplies ran out at the four hospitals to which the injured were taken from the crash scene in the marshy shantytown area of Buenos Aires.

Emergency calls for blood transfusions brought 1,500 responses within two hours, police reported. Some of Argentina's leading surgeons were among the 250 doctors who rushed to help.

It's Second One For Geo. Williamson

Columbiana Man's Device Is Patented

COLUMBIANA — A patent that aids the die-making industry has been awarded to George D. Williamson Jr. of 107 West Park Ave.

He has received word that his invention, a quick change grinding wheel chuck, has been accepted by the Commissioner of Patents in Washington, D.C., and assigned the number 3,036,839. The chuck makes the changing of grinding wheels faster and easier.

This is Williamson's second patent, the first being for an adjustable magnetic drill press.

A former Salem resident and Salem High School graduate, Williamson has been a die maker at the United Tool and Die Inc. for the past 10 years. Upon his graduation in 1934 from high school, he received a four-year scholar-

He graduated in 1957 from the Salem Trades Class.

Dr. Dietrich A. Bode Ph.D. and Mrs. Bode of Youngstown were the guests of honor Sunday at a coverdish dinner at St. Jacob's United Church of Christ following the morning service. Dr. Bode has interim minister of St. Jacob's since Jan. 15 of this year.

Mrs. Bode, an author and leader of Bible studies, was named "Mother of the Year" in 1955. She has had several volumes of poems published. Some 200 were present.

A program followed dinner, with John Schnader presiding. Mrs. Bode read several selections from her poems. "I Love Life" was sung by Mrs. John Schnader, accompanied at the piano by Mrs. Roy Welch.

The Bodes' were presented a purse which is to be added to their fund for a trip to the Holy Land in 1963.

JOB'S DAUGHTERS Bethel 48 was entertained Saturday by the honored queen, Miss Suzanne Tullure, at her home on Roller Coaster Road.

Swimming and a wiener roast was enjoyed in the afternoon, and the young women and their guests held a record hop on the patio in the evening. Twenty couples attended.

Mrs. Janet Baker of N. Beaver St., the newly elected guardian, was present for the affair.

On June 25 the installation of new officers will be held at the Masonic Temple.

The annual picnic of the Gamma Nu Chapter of the E.S.A. Sorority was held Friday evening at the home of Mrs. Kenneth Murgie, N. Market St.

A short business meeting followed dinner, with Mrs. Harold Kepner, the new president, naming her committees. Mrs. John Blocksom will be in charge of ways and means; Mrs. Jack Rutter, social; Mrs. Raymond Weaver, educational director; Mrs. Clayton Hunter, publicity, and Mrs. Frank Adomitis, Jonquil girl.

Gamma Nu members will be guests of Columbiana Gamma Eta Chapter E.S.A. at a 6:30 p. m. picnic supper in Pavilion 2 at Firestone Park Wednesday.

RESIDENTS OF THE Columbiana County Home were entertained Sunday afternoon by the Lisbon Lionettes group. Mrs. George

Two Beloit Scouts to Get Eagle Awards This Evening

BELOIT — Clifford Votaw of Explorer Post 82 and Stephen Turner of Scout Troop 2 will be presented Eagle awards at a ceremony tonight at Beloit School.

Clifford, 16, is the son of Mr. and Mrs. Donald Votaw and a senior at West Branch High School. He is on the football squad and serves as treasurer of the youth group at Faith United Presbyterian Church where he ushers.

He held the position of den chief, patrol leader and assistant patrol leader in his troop and served as treasurer of the Explorer post. He now is quartermaster.

Steve has served his troop as assistant patrol leader and patrol leader and is now a junior instructor. A sophomore at West Branch, he is a member of the

French Club. He is the son of Mr. and Mrs. Glenn Turner.

On July 28 Steve will leave for Philmont Scout Ranch in Cimarron, New Mexico, for three weeks of national scout camping, along with Floyd Biery, 15, son of Mr. and Mrs. A. L. Biery, another West Branch student.

Elton Beard, Mahoning Valley Council advancement chairman, will present the Eagle awards tonight. The Knights of Dunamis, a group of Eagle scouts from the Mahoning Valley Council, will take part in the ceremony.

James Turner, Steve's brother, will receive the Bronze Palm which is awarded for earning five additional merit badges after earning the Eagle award. James Pearce, district Scout executive, is to give this award.

Merit badges will go to James McNatt for fishing and Floyd Biery for citizenship in his community.

Receiving tenderfoot awards will be Larry Sams, David Visi, Michael Vlaiku, Donald Dyke and Alan Goodrich.

A casserole supper will precede the awards program.

Doctor Gave Up Successful Dallas Practice

Mrs. Shaw to Join Husband At Hospital In Afghanistan

Mrs. Robert Shaw, daughter of the late Curtis and LaSetta Stamp Conser of Salem, and son Robert left Monday from Cleveland Airport to join her husband and father, Dr. Robert Shaw, chief of the Avicenna Hospital in Kabul, Afghanistan.

Mrs. Shaw is a 1927 graduate of Salem High School and has two brothers, Oliver and Cecil Conser, and a sister, Mrs. Guy Whinnery, and an aunt, Mrs. Joseph A. Rich, in Salem, with whom she has concluded a visit.

The Shaws have three daughters, Mrs. Charles Odoroff of

Brighton, Mass., Mrs. Walter Legg of Lubbock, Texas, and Miss Sally Shaw of San Francisco, Calif., and one son, Robert. They are also rearing one nephew.

Dr. Shaw's decision to leave a prosperous private practice to travel to a primitive area of Central Asia was not a spur-of-the-moment thing.

"Actually, the possibilities of international medicine have interested me for a long time," he said.

"Five years ago Mrs. Shaw and I talked this over and decided that in 1961, when I became 55, I would stop my private practice and get into international medicine—if there was an opportunity."

MEDICO heard of the doctor's wish and called him to New York where he signed the contract. Before leaving for Afghanistan last January, Dr. Shaw was chief of the department of thoracic surgery at Baylor University Medical Center in Dallas, Texas, where he and his family resided. In addition to his services to the hospital, newly-built by MEDICO, he also teaches in the Kabul Medical School, the only one in the mountainous Asian nation.

Does Dr. Shaw look forward to re-entering private practice after his two-year tour of duty has ended? His wife says "No" and quotes her husband as saying: "I've made up my mind to spend the remainder of effective medical career in international medicine."

Lausche Knows What He Is Doing

There will be an all-out push to water down the sense of the Lausche amendment in the Senate forbidding U.S. aid to countries "known to be dominated by communism or Marxism."

The push will be made in the House. Kennedy administration officials will hammer at the theme that has rubbed millions of us raw these last few years—that only they and the foreign-aid buffs passed along from one administration to the next are smart enough to decide where money should be spent for foreign aid.

This was the official line under the Roosevelt, Truman and Eisenhower administrations. It now is the official line under the Kennedy administration. We taxpayers are entitled to our opinion on other expenditures but whenever foreign aid is involved we must grin and bear it because Big Brother knows best.

We opposed this smug attitude during the Truman and Eisenhower administrations, and we see no sense to it now. During the Roosevelt years it was something that had to be accepted on faith because World War II was in progress and foreign aid was part of the total war policy.

INSTEAD OF watering down the sense of the Lausche amendment, agreed to in the showdown, incidentally, by Ohio's junior senator, Stephen M. Young, members of the House should take counter-measures to beef it up.

They should propose that foreign aid be parred to all countries whose policies have been consistently hostile to the United States. Not every enemy of popular sovereignty, private enterprise and representative government is dyed red. The most formidable

enemy was Nazi Germany, which was dyed brown. Its ally, Fascist Italy, was dyed black, and the other member of the Axis, Japan, was dyed sunrise pink.

The sense of the Lausche amendment, if it reflected the sense of the American people, would be that no nation which makes a point of blocking U.S. policy and undermining U.S. interests is entitled to a penny of U.S. help.

It would say that only nations whose friendship is overt and meaningful have any claim on this nation's productivity and the open-handed policy that enables Americans to share their blessings.

THE AMENDMENT might even make clear that it is the sense of the U.S. Congress that past attempts to buy friendship with money were ill-advised. In the same statement it might declare that in some instances the "investment" in rehabilitation and security paid off handsomely and list by name those countries that have shown their gratitude for being strengthened.

There would need to be a list, also, of nations with no claim on U.S. wealth. Yugoslavia, for example. Poland. And then for the hard part of the job—the non-Communist dictatorships that have been milking the American cow, cooing, "Nice bossy," then kicking bossy in the belly when their pail was full.

Sen. Lausche, as Ohioans all know, is a past master of political savvy. He has read the portents. He knows what he is doing. He proved it in the Senate and if his amendment is broadened out to blacklist all countries that have shown their enmity to the United States and its principles the House of Representatives would prove it by an even wider margin than the 57-24 vote in the Senate.

Winning Its Popularity

A curious exception must be noted in the clamor by critics of the Kennedy administration against its policies.

No one is knocking the Peace Corps. When The Los Angeles Times, the New York Herald Tribune, Sen. Barry Goldwater and that unreconstructed Democratic hardshell, Rep. Howard W. Smith of Virginia all have good words to say about the same thing there has been a remarkable unanimity of opinion.

This June seems almost 2,200 men and women enter training for 44 projects in 28 countries. These people will be in addition to some 1,399 volunteers either at work on or in training for 32 projects in 22 countries.

When the Peace Corps was set up on a temporary basis in March 1961, the skeptics were still repeating the words they used during the 1960 presidential campaign, when the idea was first proposed—"do-gooder" and "idealistic." What was overlooked then and is still being overlooked now is that a similar program had been successful in Britain. The idea was not untried.

It caught on quickly here and was greeted enthusiastically abroad. One of the most attractive things about it was the satisfaction of knowing that so many young Americans were responding to a challenge to tackle something difficult with no hope of reward other than personal satisfaction.

At the end of June approximately 3,500 volunteers will be on the job or in training for 76 projects in 38 countries. Against the \$30 million appropriated in the Kennedy administration's first budget, the Peace Corps is getting close to \$64 million in the second budget.

In terms of work accomplished and good will generated, the Peace Corps may well turn out to be the best bargain the United States is getting, dollar for dollar. Its benefits are mutual—for the countries that get the benefit of the Peace Corpsmen and for the men and women who volunteered for the work.

Summer School

Salem school officials have made a special effort this year to establish summer school classes, scheduled to open Friday at the senior high school. Courses have been broadened to include even elementary pupils in grades four to six.

It's a golden opportunity for students who might want to make up or refresh themselves in one or more subjects or to take a special course. The fee is nominal and the few hours spent each day for the next six weeks no doubt will be rewarding.

Doctors and cosmetic aids never agree on just how long a dream will last.

The greatest happiness comes from having things that money can't buy.

Cotton Corners

By Truman Twill

Dear Nephew? I'm not sure I can handle this in writing, but let me try. It would go better over a couple bottles of soda pop, face-to-face, catch-as-catch-can.

You wondered in your letter how we could keep people from being led down the garden path by fools, charlatans, wrong-headed politicians and hard-hearted betrayers. You despaired of keeping this from happening and quoted the old chestnut about people liking to be fooled.

I object. If Phineas T. Barnum ever actually said people like to be fooled, he was referring to show business, not public business. He had in mind his own fooleries—but remember that Tom Thumb, Jenny Lind and Jumbo were for real. Barnum never would have won fame if he had been nothing but a faker.

People don't like to be fooled. When they find out about it they can be mighty savage. Nevertheless, people are fooled all the time. Why?

I say it's because of something that happens at their mothers' knees. They are taught as children to take other people's word for things, to accept on faith what shouldn't be accepted on a stack of Bibles. The trouble begins right there.

It's a poor beginning for their role as citizens in a representative government. There couldn't be any poorer preparation for holding the sovereign power than to be taught as a child to take things on faith.

This country is full of people who have figured this out to a T. They know exactly how to work the angles of popular gullibility. Leading people down garden paths is their specialty. Their public confidence game could be stopped cold with nothing more

complicated than this question:

What's cooking?

That's all it would take. If we could induce just that much skepticism in the minds of our fellowmen we could have this world's first and its all-time greatest popular government. Men could be free. The promise could be fulfilled.

I have thought about this for years, particularly on the occasions when I asked the unpopular question and came up with the unpopular answer. I have been hooted at and slandered and put on the defensive for concentrating on the hook in the bait when my associates were fascinated by the size of the worm.

You want to know how to strike the most telling blow for liberty? Just raise your own kids to ask, "What's cooking?" whenever the tub-thumpers and blabbermouths start a campaign to influence the public mind.

Encourage them to look for the hook. Warn them against the danger of becoming yes-men. Explain to them that progress always has been made possible by someone who questioned the accepted practice, the conventional wisdom, the traditional way and the orthodox method. And while you're at it, be sure they know that it will be a lonely life, made bearable only by the ultimate knowledge that it was more fun to be a skeptic than what H. L. Mencken always called one of the "boobosies."

We're well here and hope you are the same. Your aunt sprained her back pushing the wheelbarrow, but pay no attention if she says I was riding in it. Be a skeptic about that, too. I was getting out of it and it tipped.

UNCLE GEORGE

Dick And the Beanstalk

Inside Labor

By Victor Riesel

Those glad hatters now have a feather in their cap. Bob Kennedy put it there. He agreed to follow in his brother's footsteps by accepting worker's invitation to speak at their union convention.

This will be Bob Kennedy's first such labor he will stand on the same platform in the same hotel ball room as did John Kennedy exactly three years ago.

Some observers see considerable significance in his agreeing to speak. The Hatters, Cap and Millinery Workers Union, though clean, crusading and a quality outfit, is about as big as one of Jacqueline's bonnets.

Its leader, Alex Rose, however, is one of the nation's most active and restless liberals. Bob and John Kennedy have long been personal friends of Rose, who also heads New York state's Liberal party. But some see Bob Kennedy's first trade union speech as more than a sign of friendship.

SOME SEE Bob's acceptance as a sign that the administration—despite pressure—is tightening its bonds with the liberal and labor movements. There have been suggestions in Washington that these ties be eased as evidence of the desire for a more friendly relationship with the nation's business.

There are Kennedy men who are talking to businessmen, but the ties which bind this administration to its labor friends never

will be loosened. They'll be tightened.

Strangely enough one of those doing the tightening—virtually unnoticed—not only with labor but with the liberals, is Lyndon Johnson. Obviously his is with the approval—if not at the direct suggestion—of the President.

It began after the returns were in election night—1960.

The vice president-elect and Mrs. Johnson graciously telephoned David Dubinsky, the ladies' garment union leader and thanked him long distance for his help in carrying New York State.

Not long afterwards, JFK and LBJ discussed government operations. On Dec. 20, 1960, the President-elect announced that he had assigned the vice president-elect the job of overseeing the work of the federal government's anti-discrimination contract compliance committee. This later turned into the President's Committee on Equal Employment Opportunity.

IN LESS than a year the veep was on a first-name basis with most of the powers inside labor. Then came the black-tie banquet thrown by Labor Secretary Arthur Goldberg on Jan. 12, 1962. There at least 90 of the nation's top labor chiefs toasted the vice president.

With a grin Mr. Goldberg "moved" that the "record" of the 1960 Democratic National Convention be expunged of labor's hotel-room criticism of Johnson's selection by John Kennedy. Everybody applauded.

There was also a special luncheon given by AFL-CIO President George Meany for "Lyndon." I say special because there were no speeches. The fraternizing was warmer than the food.

In addition to Mr. Meany, there were such liberals as Walter Reuther, Al Hayes of the Machinists, Jim Carey, the letter carriers' Bill Doherty—and one of the land's most influential, anonymously-loving men, the White House's Larry O'Brien.

SINCE THEN Mr. Johnson has been as active on the liberal and labor circuit as an old country doctor with a broken buggy. There have been many problems to remedy, many feelings to assuage, many friends to make and keep as the home front grew as tense as those abroad.

Rarely has a vice president been as active as LBJ in such circles. For example, on May 23 Lyndon Johnson spoke at the ladies' garment workers' convention—and kept them roaring and applauding his stories and promise of friendship.

On May 16, the veep turned in a stellar performance before the men's clothing workers' union. On May 19, in Washington, he hosted a gathering of some 600 Negro leaders.

LAST WEEK he came into town for a special reception given by Roy Wilkins, executive secretary of the N.A.A.C.P., and Mrs. Wilkins.

The vice president mixed with well over a hundred northern leaders of liberal organizations. In less than 18 months the vice president has gotten to know many of them and to feel right at home with them—and they with him.

These are associations which neither Mr. Johnson nor any of the Kennedys will relinquish. They do not believe these friendships interfere with the administration's relations with the men of business.

A Brickbat

Dear Ann: My husband and I enjoy your column immensely but you have an annoying habit we wish you'd drop.

Why must you call people "Buster," "Bub," "Buttercup" or "Toots"? Recently you called a woman "Lamb Chop."

We like your advice but these flip little names you attach to readers are a bit too much. Since many of your readers are older than you we respectfully suggest that you modify your language. It would make your column far more dignified. — JUST FOLKS.

Dear Folks: Thank you for the criticism. The next letter is from a reader who also has another onion on the subject.

Threat to Economy

By DAVID LAWRENCE

JFK Still Ignores Labor-Cost Problem

Small wonder that many businessmen fear that a severe crisis in our economic life may come in the next several months. The administration evidently is determined that spending as usual by government for all manner of projects must go on, and that wage increases as usual likewise must continue. But the most important force in the economy is being prevented from operating under the rules of sound economics.

Business management is still threatened with reprisals from the government if it tries to raise its prices to cover increasing wage costs and also to earn a fair profit. A free economy cannot operate very long that way. The promise by the President of a tax cut is likely to aggravate rather than remedy the situation. Already the demagogues in Congress are articulate. They say they oppose any reduction in the higher brackets and wish to confine all the benefits to the lower-income groups. It's the same old story hereabouts—politics supersedes economics all around. Similarly, there is already an antagonism in Congress among the Democrats to any reduction in the corporate tax rates, which now are at a 52 per cent level.

Mr. Kennedy promises a tax cut "across-the-board" effective next January. The bill, however, may not be passed until March or April of 1963, or even later.

It will take Congress that long to debate the highly complicated tax measure which will be forthcoming. The law isn't to be devoted just to rate changes. The gimmick now is to close loopholes and thus theoretically to increase tax revenues to offset the drop of a few percentage points in the rates in all income brackets.

ALREADY some of the senators on the Democratic side have pointed out that a drop of one percentage point in the upper brackets involves tens of thousands of dollars for an individual, while a drop of a point to a man of low income means only a few dollars in savings. Hence, it is argued that the whole saving should be given to the people in the lower brackets.

What is wrong with this theory, of course, is that the individuals to whom the nation looks for funds to finance industry's expansion aren't getting enough money now after taxes to help the free-enterprise system expand as it if the demagogues have their way.

Companies, moreover, which would like to earn enough surplus each year to save up for rainy days—and for brighter days when

there is need for funds for expansion of plant and equipment—are not able to do so today because of the narrow profit margin. The proposed change in the tax rate will not help them much, if at all.

What has been lost sight of is that a private-enterprise system cannot function effectively very long if the government interferes with its operation. President Kennedy has damaged severely the enterprise system and shows no sign of withdrawing his threat to interfere with price-making, while refraining from any action that would keep down wage increases.

THIS SITUATION cannot drift on much longer without causing a bigger breakdown in the economy than has been witnessed. Business is not going to construe the type of tax revision promised by the administration as likely in any way to go to the heart of the problem that is today frustrating the American economy. Job creation is essential to national growth. There's plenty of talk here about stimulating national output, but no practical measures are being proposed that, in the aggregate, will bring that growth. An increase in consumer spending will not do it—though it may temporarily cause a fever of inflation. The real need, of course, is for encouragement of the heavy-goods industries, which are seriously depressed today.

The administration vaguely promises to revise the rules of tax depreciation, as if this alone would do the job. But these are may take the managers of American business in various industries two or three years to absorb.

The real difficulty is that the per cent of profit to sales is not high enough and that surpluses aren't being built up to enable companies to finance a large part of their own requirements for the future.

MEANWHILE, the administration—although claiming it wishes to bring back more dividends from abroad—has proposed changes in taxing American plants overseas, which actually can cause a stoppage of the flow of dividend money to America, and hence a drop in tax revenue. This could have an adverse affect on the balance of international payments, which is causing so much apprehension about the future gold value of the dollar.

Thus, the administration has failed to support the sound principles that permit a fair margin of profit to be earned. Unless this tide is reversed soon, the discouragement now prevalent will result in a depression—perhaps not as severe as in the 1930s but in some respects of the same intensity.

Yet President Kennedy still seems unaware of what his continued indifference to the labor-cost problem is doing to the economy.

Kenya Pupils Need Sponsors

The program which sponsors me (the African-American Foundation) provides the transportation of Kenya students to this country.

In my country there are many students who are having a difficult struggle trying to get a better education. Some of them are winning scholarships granted by American colleges and high schools. But, before the American government gives him a visa, a Kenyan student coming to an American high school must have a host or sponsor who is responsible to him as long as he is going to school here.

Columbiana County School superintendent James L. McBride and I have been working hard to

find people willing to sponsor more students from Kenya. Since it is difficult to talk to people individually about this matter, I decided to appeal to county residents through the newspaper. At times we have found people willing to be sponsors, but conditions do not permit it.

We hope we can find more persons interested in being sponsors for foreign students.

Timothy Maina,
Crestview High School.

Lisbon To Seek Bids on Truck

Local Firm To Begin Oiling of Alleys

LISBON — Village Council Monday evening passed an ordinance authorizing the village to advertise for bids on a new 1½ ton dump truck for the village street department.

Bids will be opened June 9 at noon. Funds for the purchase of the truck come from the street and highway fund.

In other business, councilmen agreed to have the Gallo Oil Distributing Co. oil all village alleys beginning as soon as possible. Gallo estimated the cost would be between \$300 and \$350. His bid of 12 cents per gallon for the oil was low. The other bidder, the Ohio Tar and Asphalt Co. of Canton, bid 16 cents per gallon.

Wages were set for swimming pool employees at the Sadie Van-Fossan Memorial Pool. Each of the two pool managers will receive \$600 for the season. The head cashier will be paid \$1 an hour and the assistant cashier, 75 cents.

Clerk-treasurer Ray Hempstead said that the village general fund will be \$900 in the red if all the bills for this month are paid. He said bills total \$3,927.14. The bills were ordered paid but at the discretion of the treasurer. The salaries of the mayor and clerk, along with fire calls and ambulance calls, were ordered held up until the general fund could be boosted. Fire calls for first half of year amounted to \$61 and ambulance calls \$276, Hempstead said.

Enrico Baronzzi, a resident of Thomas Rd., complained about holes in Thomas Rd., just north of W. High St. The street committee was ordered to check the situation and make recommendations.

Council members complained that police were ignoring village traffic violators. Mayor Dean Armstrong said the police committee, composed of Clyde Pike, Fred Steele and Joseph Dornam, would meet with police this evening at 9 to go over the situation.

Councilman Raymond Dixon questioned whether village firemen should use the township truck to go to fires in the village. Mayor Stockman said they are permitted to use the township truck if necessary, but that in all village calls, the village truck should be used if available.

Council's next meeting will be July 9 at 7:30 p.m. in Village Hall.

The Doctor Says

Questions And Answers

By DR. H. T. HYMAN

Q—Is the sleeping pill that was reported in Germany to have caused deformities in babies when taken by the mother during pregnancy on sale in the United States?

A—If you are referring to the drug that resulted in the birth of babies with seal-like "flippers" instead of arms or legs, the answer thankfully is "no." The Food and Drug Administration confined

use of the drug thalidomide to medical research. Thus there is little chance, if any, that the experience in West Germany, where at least 3,000 blighted babies were born, will be repeated here. The drug is also known by its trade names of Kevadon, Contergan, Softenon and Distaval.

Q—Is it possible for caterpillars to sting children who play with them? My daughter is fond of picking them up and letting them walk over her hands and arms. Could a sting result in development of a painful sore, with fever and swollen glands in the armpit?

A—The "puss caterpillar" or "woolly worm," known to scientists as megalopyge opercularis, can do just what you describe. A report from the Texas Children's Hospital in Houston states that questionnaires sent to 1,200 physicians disclosed over 2,000 such incidents.

Study of the caterpillar itself revealed the presence of a poison (toxin) that is introduced when human skin is penetrated by quills from the underside of the megalopyge. Hence your daughter's playful habit of permitting "woolly worm" to crawl up her arms provides the best possible opportunity for a sting.

To prevent development of the caterpillar, Texas investigators advise tree spraying with 1 tablespoon of lead arsenate dissolved in a gallon of water. If caterpillars develop despite spraying and a sting is produced, they suggest immediate application of adhesive or cellophane tape for removal of the quill, and use of ice packs.

Q—My children refuse milk unless it is flavored with chocolate. Is this harmful? Does addition of chocolate change the food value of milk? Or harm it in any other way?

A—There is nothing harmful in the addition to milk of chocolate or any other flavoring. If stimulation of taste buds increases the milk intake, it's all to the good.

Q—Some time ago you wrote of a city for emotionally and physically handicapped children. At that time I had no personal interest in this information and did not save your column. Will you repeat this information now as I have urgent need for it?

A—Write Little City Foundation, 111 North Wabash Ave., Chicago 2, Ill.

AGED TEACHER DIES

CHARDON, Ohio (AP) — Sister Mary Wilhelm, who taught for 60 years in Catholic elementary schools in Cleveland, North Ridgeville, Avon, Canton, and Independence, died Monday in Notre Dame Educational Center. She was 91.

She had been a member of the Sisters of Notre Dame in Cleveland longer than any other nun of that order.

VOTE TO END WALKOUT

TOLEDO, Ohio (AP)—Members of Local 224, United Textile Workers of America, have voted to end their six-day wildcat walkout at the Textile plant of the General Tire & Rubber Co. Grievances will be submitted to arbitration.

Some 850 employees were idled by the strike, which came in protest over the firing of a union steward. The end of the walkout came at a membership meeting Monday night.

DIES AFTER FIRE

AKRON, Ohio (AP)—Mrs. Joseph Robson, 80, of Bath Twp. died early today after a fire in her two-story frame home. Her husband, George C. Robson, 82, was treated and released. The fire broke out late Monday night in an upstairs closet.

Hints from Heloise

— By Heloise Cruse —

Dear Friends, mothers, wives, bachelors, maiden ladies and everyone . . . I want to introduce you to the best friend you have . . . Meet . . . Mr. Joe Blow!

He is the guy who writes the directions on everything you buy and consume! I am sure that some of you have never met him before. He is the dearest friend you will ever have. He is living for one reason. To help you!

I have had many complaints. From druggists, manufacturers, buyers, housewives and storekeepers. After talking with them, it seems the only real complaint is that people just do not read instructions.

I just came from the drugstore and saw a woman complain about a wonderful product. The druggist tried to find out why this woman was dissatisfied. Finally she admitted that she had not read the directions and had used the product incorrectly.

Lady, this friend of yours — Joe Blow — was born for one purpose. To help you. Manufacturers put directions on a product for a purpose. So that you will read it and know how to use it.

The manufacturer doesn't write directions for himself. He knows how to use his product! Even if you have used something for years . . . read the instructions on the bottle next time you buy something. Formulas, directions and all instructions change from time to time.

Each manufacturer is always trying to improve his product.

Lisbon, Construction Firm Settle Suit

LISBON — The Delse Co., dba the Del Construction Co. of Cleveland, and the village of Lisbon settled their civil case out of court Monday morning for \$7,000, and the prospective jurors called for the trial were sent home by Judge Joel H. Sharp.

The \$39,000 suit was filed by the firm six years ago for extra work done in the construction of sanitary sewers. Counsel for village, Solicitor Joseph Baronzzi and Atty. William Moore, said the \$7,000 was justified on the basis of certain work Delse contributed over and above the contract, including paving of Washington St. and replacement of curbs.

The village's cost was determined by the engineer. When Delse offered \$7,000, Village Council was called to decide if it wished to settle or take chances with a jury which might award the full \$39,000.

Ratterman Case Dancer Admits Lying

COVINGTON, Ky. (AP)—Juanita Hodges, key figure in the Ratterman civil rights case, has testified she lied in a previous trial because she feared for her life.

Miss Hodges, a night club dancer arrested with George Ratterman, Monday linked Tito Carinci and attorney Charles Lester in a story of testimony rigged up for the earlier trial.

She said Carinci promised her a trip to Puerto Rico for testifying for his side in Police Court, and that he said Ratterman was no good because he wanted to clean up gambling in Newport.

Miss Hodges, 27, was a key witness in the second week of trial in U.S. District Court of six men accused of plotting and violating Ratterman's civil rights.

Ratterman was a just-announced candidate for sheriff as a reformer when arrested May 9, 1961, in Carinci's suite at the Glenn Hotel. Miss Hodges worked as a dancer in an associated night club, the Tropicana.

She was due for more questioning today, including cross-examination.

Carinci and Lester are on trial here along with Edward A. Bucieri, an owner of the Glenn-Tropicana, and the three detectives who staged the vice raid on the hotel—Patric Ciafardini, Upshire White and Joseph Quittier.

Monday night was a late addition to the President's schedule, but had no emergency overtones. The business leaders met during the day with Secretary of the Treasury Douglas Dillon and other Treasury officials. The session was scheduled some time ago.

Deficit Cut Back
The deficit in payments last year ran to \$2.5 billion, but in the first three months of this year was down to an annual rate of \$1.8 billion and, Dillon said last week, may since have declined to about \$1.5 billion.

Some of the steps taken by Kennedy and former President Dwight D. Eisenhower to cut the deficit included programs to increase U.S. exports; to spur travel by foreigners in the United States; a ban on travel of U.S. military dependents to Europe; later rescinded; and encouraging other nations to shoulder a large share of foreign military defense costs.

Salinger said the White House meeting stemmed from a meeting between Blough and Kennedy on April 17. That was seven days after Blough had announced U.S. Steel would raise prices \$6 a ton and four days after the increase was rescinded on the heels of vigorous opposition by the Kennedy administration.

instrumentation. Although the Pentagon gave no details, it was obvious the Navy has been keeping a watchful eye on the Soviet snoopers fleet. Because the Russians are in international waters, there is nothing this country can do to shoo them away.

Among other things, the Voyevkov is understood to be fitted with a pad for launching meteorological rockets to study the effects of nuclear explosions on the upper atmosphere.

The Defense Department has said radio-chemical analysis by the Shokalskiy's 16 laboratories could provide information on bomb design, yield, and similar data "which have significant military implications."

Indications are the Soviet fleet will have another shot to monitor before the big atmospheric blast. Joint Task Force 8 on Monday ordered the danger area around Christmas Island closed to pilots and navigators.

Vehicles Crash At Scene Where Cyclist Is Hurt

A 16-year-old Homeworth youth riding a bicycle was struck by a car and injured Monday afternoon at 2:30 on the Lake Placid Rd. about four miles south of Westville.

The incident started a chain of accidents involving three other cars, one of which was demolished. No one but the boy was injured.

Jerry L. Johnston was pedaling his bike along County Road 404 when he swerved and was struck by a passing car driven by John I. Tedrow of RD 2, Beloit. Jerry was thrown from the bike and taken to Alliance City Hospital where he was treated for bruises and released.

A coal truck driven by Herbert V. Long, 33, of RD 1, Lisbon, attempted to go by the scene of the accident and struck Tedrow's car, causing minor damage to both vehicles.

Seconds later Dorothy I. Harding of North Georgetown stopped her car to give aid to the injured cyclist. Her car was hit by one driven by Thomas A. Green of East Rochester, who was unable to see the accident over the crest of a hill.

His car went out of control, struck an embankment then ricocheted back onto the highway, striking Mrs. Harding's auto.

Green's car was demolished as a result of the collision with the embankment.

Green was cited by the State Patrol for failing to stop within the assured clear distance.

Christians Must 'Infiltrate World,' Graham Declares

CHICAGO (AP)—"A man on his knees is more powerful than a man behind a hydrogen bomb," evangelist Billy Graham said Monday night at the 13th rally in his "Crusade for Christ."

Graham said Christians must "infiltrate the world" and spread the gospel truth to all corners of the globe. "Prayer can give our nation great power," Graham declared.

But, he said although religion has become both respectable and popular, "the average person does not know how to live a successful Christian life."

He said this is because "self-denial and cross-bearing which Christ demanded are virtually unknown."

Graham spoke before a McCormick Place audience of 19,000 the second smallest of the 19-day crusade which ends Sunday with a rally in Soldier Field. More than 370 persons at the rally came forward at the end of Graham's sermon to make what crusade officials term "their decisions for Christ."

Graham in his sermon said, "I find that many Christians have become discouraged and are living sub-normal, defeated lives. The joy and thrill of the Christian experience, as recorded in the New Testament, are not there. There is only the dying ember of what used to be a mighty flame for Christ."

Pay Increases OK'd
The board also approved the employment of non-certificated employees and established their salaries. Action involved administrative secretaries, secretaries at Buckeye, McKinley, Prospect, Reilly and Fourth Street schools as well as the trades class secretary and the nurses' secretary.

Pay increases varied from \$100 to \$120. Approval was granted to borrow \$75,000 for the month's payroll and the purchasing of \$6,000 worth of equipment for the Trades School.

Supt. Smith pointed out that the money for the Trades Class purchases will be refunded by the state and that the remainder of the loan will be liquidated after the school receives funds from the county real estate tax collections.

Meeting date for the board was changed from the second Monday in the month to the third Monday. The next meeting will be July 16.

BOARD PLANS DANCE

LISBON — Final plans for the first of a series of dances to be held by the Junior Fair Board at the floral hall at the county fair grounds were completed at a meeting Monday evening at the county extension office.

The first dance will be held Friday evening from 8:30 to 11:30, with Vince Andrusis calling. Proceeds will be used to purchase trash barrels and benches for the county fair grounds.

The board's next meeting will be held July 16, according to Tom Rudebeck, assistant county 4-H agent.

Rhodes Quits At Rogers; Succeeded By Dale Williams

ROGERS — Glenn Rhodes, president of the Volunteer Fire Department, and Glenn Baker, treasurer, announced their resignations "due to business reasons" Monday night.

Rhodes was succeeded by Dale Williams who was elected following the resignation announcements at the monthly meeting at Community Hall.

To accept the office of president of the fire department, it was necessary for Williams to resign as trustee. John Dyke was elected treasurer.

Plans for making ice cream for the Saturday night festival at the Community Hall were discussed.

The firemen also decided to hold two meetings a month rather than one. These meetings will be the second and fourth Monday of each month and at 7 p.m.

The ladies auxiliary met concurrently with the fire department with Mrs. Veda Cope, president, in charge. Plans for Saturday festival were advanced.

The auxiliary's next meeting will be July 9.

Tribe Wins, Ties Yankees for 2nd

Idle Minnesota Grabs AL Lead

Perry, Kirkland Pace Indians to 10-0 Win

By MIKE RATHET
Associated Press Sports Writer

That was the general tone of the comment Monday night after the incidents that took place during the fourth inning of Baltimore's 5-3 victory over the New York Yankees and precipitated a free-for-all in which Yankee Manager Ralph Houk tried to swing at Orioles' field boss Billy Hitchcock.

Leading off the fourth, Orioles' rookie outfielder John (Boog) Powell was hit in the head by a Bud Daley fast ball, slumped to the ground, but remained conscious. He was carried off the field on a stretcher and taken to a hospital where his injury was diagnosed as contusions of the head.

Maris Races Towards Roberts

There wasn't much reaction until the first pitch from Baltimore starter Robin Roberts in the last half of the inning sailed over Roger Maris' head. The Yankee slugger started toward the mound, bat in hand and a fierce look on his face.

Maris was restrained by Orioles' catcher Hobie Landrith as players from both teams raced onto the field. Houk and Hitchcock wound up in a heated argument that ended with umpire Charley Berry holding Houk as the Yanks' skipper attempted to go after Hitchcock.

Daley had nothing to say. He left before the game was over.

When it was over, the Yankees were in a tie for second place with the Cleveland Indians, who moved up by belting Boston 10-0 in the only other game played. The Yankee loss permitted idle Minnesota to move into the top spot, a half-game ahead of the runners-up.

The victory for Roberts (1-2), cut by the Yankees earlier in the year, was his first in more than a year—since he last won for Philadelphia's National League Phillies, June 8, 1961—and his first ever as an American League. He allowed seven hits and three runs in 7-1/3 innings before Steve Barber and Hoyt Wilhelm finished up. Daley (2-1) was the loser.

Kirkland's Bat Leads Tribe

Willie Kirkland tagged a three-run homer for the Indians in the fourth inning and put them ahead to stay. He later added a two-run double in the seventh for five runs batted in. Bubba Phillips also connected for the winners in support of Jim Perry (5-3), who limited the Red Sox to seven hits. Earl Wilson (3-2) lost it.

The Indians-Red Sox game did not pass without an incident.

Before Kirkland connected for his homer, Wilson was charged with a balk that forced in a run. The Red Sox claimed Cleveland's Tito Francona, running at first base, hollered "Hold it Earl," causing the pitcher to stumble on the mound.

Baseball's rules state such deceptive talk is illegal. But umpires John Flaherty and Ed Runge said they had not heard it.

Many Americans Seek British Amateur Title

HOYLAK, England (AP) — Thirteen more American golfers were scheduled to go into action here today in the hunt for the British Amateur championship.

They were among nearly 100 players still waiting to contest their first round matches on this historic seaside course.

The entry list is so big this year that the first round is spread over one and a half days.

Monday six Americans fought through to the second round and three more got by because their opponents crashed. Seven Americans were defeated.

The Americans currently share the spotlight with England's Michael Bonallack, the reigning champion, and Ireland's Joe Carr, who is seeking to win the title for the fourth time.

One is Californian Bob Falkenberg, now of Rio De Janeiro, who is known to British sports fans as a former Wimbledon tennis champion.

The other is Robert Sweeney, 50-year-old veteran from Palm Beach, Calif., who surprised tournament officials Monday by turning up at the last minute and producing some cracking golf without any practice on the course.

George Fulton of Roanoke, Va., was matched against M. D. (Binky) Mitchell in the first round. Later in the day Bud Rudolph of Los Angeles, winner of

'Star Softball Tilts Slated; Wooster Girls on Program

The 1962 All-Star Softball games will be played June 28 at Kelley Field, it was announced recently by the Salem Softball Association.

The first place team in the Class A and AA leagues after the second round will take on the All-Star team from the respective leagues. The managers and the coaches will select the squads, voting for two players for each position.

The Class A All-Stars will open the three-game card at 6:30 p.m. and will be followed at 7:45 p.m. with the Class AA All-Star tilt.

Back for a second appearance will be the Wooster Lumber Girls, the 1961 State Champion, who will clash with the Hubbard Girls in the third encounter of the evening at 9. The Wooster nine downed Hubbard 7-2 earlier this year.

Tickets are available at Fisher's Store.

Littler Choice In Open; Palmer Hurt

OAKMONT, Pa. (AP)—Back to back championships in the National Open Golf Tournament for Gene Littler?

Palmer Gashes Finger

Support was mushrooming today for golf's quiet man in the wake of Littler's brilliant play this year and more woe for tournament favorite Arnold Palmer, who severely gashed a finger on his right hand in a freak accident just when he was confident he had shaken a cold that kept him sub par physically for nearly two weeks.

"Littler's my pick," said two-time former Open champion Gary Middlecoff as he and the other early arrivals relaxed after a practice round at the 6,894-yard Oakmont Country Club course where the 62nd U.S. Open championship begins on Thursday.

"You don't have to be a big hitter to score on this course," said the Memphis dentist. "You have to be able to drive straight and putt well on these slick greens. Littler's playing beautifully, has been all year. Unless he has a big letdown after winning that big one in New Jersey Sunday (the \$100,000 Golf Classic at Clinton, where Littler nailed the \$25,000 first prize), he can do it."

United Board to Study Coaching Duties on Monday

A redistribution of coaching duties will be the main item of business at a special meeting of the United Local Board of Education next Monday night at the school.

Men involved are Head Football Coach Ray Russell; Melvin Kramer, his assistant; and Larry Joseph, basketball coach. Walter Blythe, board president, will preside.

Blythe reports that several applications for the position of superintendent to replace Dale W. Gates have been received, but no action has been taken.

Gates announced his retirement June 4 but the resignation will not be effective until Aug. 1. The next regular board meeting will be held July 2.

Benefit Polo Game Slated In Darlington

The Darlington, Pa. Polo Club will play the Mahoning Valley Polo Club in a benefit game Wednesday at 8 p.m. in Darlington. The event is being sponsored by the Northwestern High School Band Mothers. The band will play at halftime.

A year ago, the soft-spoken Californian quietly tamed another fabled course like this one—the Oakland Hills Country Club at Birmingham, Mich.—for his first Open title. It, too, was a course that demanded great accuracy off the tee and a sure putting touch.

Gary Player, the little South African, and veteran Jackie Burke are others who like Littler's chances to become the first defending champion to repeat since Ben Hogan in 1950-51.

Six Stitches In Finger

A doctor took six stitches in Palmer's third finger on his right hand to close the wound he suffered while he was putting luggage in the trunk of his car late Sunday night at the nearby Latrobe, Pa., airport. The gash went all the way to the bone alongside the knuckle.

"It didn't hurt much," the Masters champion said after a practice round late Monday. Palmer seemed considerably relieved that he could hit so well despite the heavy bandage.

"If it doesn't hurt any more than this," he said, "it won't be bad at all. We experimented with a couple different kinds of bandages and found one that lets me get the right feel of the club."

Night Golf, Par 3 Course At Root 62

Night golf and short holes describe the newest golf course in the area, Root 62, which had its grand opening on Saturday. Root 62 is located on Rt. 62 at Damascus.

The course, owned by Larry Root, is nine holes and all the holes are Par 3 or a total of 27 strokes. For the golfer who likes his golf day and night Root 62 is lighted for evening play.

Ralph Brown of Sebring carded low gross honors at the opening day festivities with a 29.

Others who won prizes include Dorothy Doyle, Laird Bowersock, Beverly Mosher, Walt Bauman, Joe Julian, Ruth Chaffer, Bob Byers, J. L. Mochler, Elsie Grimes, Tom Lorden, Paul Witzel, Terry Gath, Bob Aekenhead, J. Naider, Vi Snyder, Rosis DeMaido, J. R. Milligan, Janet Kuhl, John Stephenson, Terry Morlan and Neil Gill.

According to Root, leagues will be formed at the course. However, the only league that is in the planning stage is a Ladies League that will play every Tuesday and Thursday mornings at 9:30. Root urges all ladies to come out so handicaps can be established and league can get underway.

Hot Stove Leagues

Six games were played Monday in Hot Stove League action with four teams continuing on the unbeaten path with victories.

Class E

Famous Market had to come from behind to remain undefeated by scoring two runs in the fifth and one in the sixth to nip CIO 3816, 6-5 to hand the losers their first loss in two starts. The Market nine is now 3-0.

George Begalla was the big gun for the winners with a homer and a single while Bob King sparked the CIO crew with a triple and a single.

CIO collected four tallies in the third frame to jump to a 5-3 lead until the winners tied the count in the fifth.

Mike Rians, who relieved Begalla in the third, was the winning pitcher. Tracy Bissell suffered the loss but not before he fanned 17 Famous Market batters.

The Elks ran their winning streak to four straight by dropping the Eljer squad, 8-6. The winners jumped to a 2-0 lead in the first and the winless Eljer nine soared into the lead in the top of the fifth with a five-run spree to take command, 6-3.

The Elks came right back with three in the last of the fifth to tie it and won it in the sixth with two more.

Jon Tolson with two homers paced the Elks attack. Joe Rottenborn with a triple and Bob Craig with a single and a double aided the Eljer cause.

Losing hurler Gary Stoddard fanned 10 batters. Tolson, in the five innings he worked, struck out eight. Ron Parlonteri copped the win for the Elks.

Shaffer Ford evened its record at 2-2 by defeating the Farmers Bank, 5-3, behind the three-hit pitching of Jim Windram. In winning, Windram fanned 11 batters.

With the score knotted at 3-3 in the sixth frame the Shaffer nine pushed two runs across in the seventh on a double by Dave Ehrhart and a home run by Don Wolfgang to capture the win.

Philadelphia Gaining Reputation As 'Spoiler' In NL

Phils Dump Cards 8-5, Snap Winning Streak; Bucs Win

By MIKE RATHET

Associated Press Sports Writer

Down on paper as a soft touch, Philadelphia's spoiler Phils have ripped up the form sheet by throwing another roadblock at one of the National League's pennant hopefuls and adding this entry to their streak-snapping log:

June 11—Beat St. Louis 8-5, snapping Cardinals seven-game winning streak.

Monday night's entry was the fourth in a series.

On May 17—The third-place Cincinnati Reds had a six-game victory streak. The Phils won 6-5.

On May 31—The first-place San Francisco Giants had a seven-game string. The Phils won 5-2.

On June 2—The Los Angeles Dodgers, tied for first place, had a 13-game skein. The Phils won 7-0.

Having Voice In Race

That's the way it's been for the Phils, who don't seem to be going places in that NL pennant scramble could have quite a bit to say about who does.

The victory over the Cardinals dropped St. Louis into fifth place behind the Pittsburgh Pirates,

who moved up with a 6-1 triumph over the Chicago Cubs. In the only other games played, the New York Mets defeated Houston 3-1.

San Francisco and Cincinnati were rained out.

Home runs by Don Demeter and John Callison powered the Phils to their triumph over the Cards and paced a 12-hit attack that enabled Philadelphia to beat former teammate Curt Simmons (6-3) for the first time in nine tries.

Demeter hit his eighth homer with a man on in the fifth inning to put the Phils ahead to stay 4-3.

Callison's three-run pinch-hit homer in the seventh brought home the deciding runs. The winner was reliever Jack Hamilton (4-5).

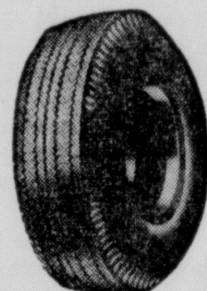

Stuart Homers Twice

Dick Stuart hit two home runs for the Pirates—a first inning inside-the-part job with one on and a three-run shot in the sixth. The victory went to Joe Gibbon, winning his first since a trip to the minors cured his ailing arm.

The Mets beat the Colts for the first time in the rivalry between the two new NL clubs. Al Jackson (3-7) limited the Colts to seven hits. The Mets got six against Dick Farrell (4-6) to put it away.

Both Needed An Extra Inning; Tullis American 13-3 Victor

Lincoln Machine, Stepanics Win 1-0 Tilts In Class AA

Pitching dominated the first two Class AA games played Monday at Kelley Park as both Stepanics and league-leading Lincoln Machine eked out extra inning, 1-0 victories. In the third encounter Tullis American rolled over Industrial Mining, 13-3.

Lincoln Machine capped its fifth straight win in six starts as it got past the Purty Deeres nine. A single by John Guiler, two walks and a sacrifice fly by Jack Jackson in the top of the eighth frame brought the winning tally across the plate.

Guiler was the winning hurler as he allowed three hits and struck out four in going the distance. Two of the Purty hits were doubles by Jim Cranston and Wayne Walters.

Lincoln managed five safeties off Purty pitcher Ron Wyss. Gene Hammett and Bill Crookston rapped two-baggers for the winners. Guiler paced the batting attack for Lincoln with two singles.

A walk to Ben Roelen and a single by Dave Drakulich in the last of the eighth canto was all Stepanics needed to sink Old Dutch.

Jim Stonemetz allowed the losers only two singles, both by Roger Stille, in going the full route. Old Dutch hurler, Glen Mercer gave up five hits but four were singles with the fifth being a double by Dick Andric in the first inning.

Industrial Mining and Tullis jumped off to a fast start, both collecting two runs in the first frame. However, Tullis pushed three tallies across the plate in the second inning on a single by Bob Morlon, an error and three walks to take a 5-2 lead which they never lost.

Tullis managed to rack up one run in the third, four in the fourth and three more in the fifth inning to win going away.

Joe Carmelo, Morlon, Jim Harigan and Ken Luce each banged out two hits apiece for the Tullis nine. Dave Roller collected a triple for the winners.

Pacing the Mining attack was Joe Gallo with a triple and a single. Vir Storia aided the losers' cause with a triple.

It's The Truth!

We heard that when one of the best known Generals of World War II was asked what was the best advice he ever received, he said, "To marry the girl I did." When asked who gave him the advice, he smilingly answered, "She did." Which is good proof that even advice from a biased source can be top advice, such as doing business with us. Let us prove it!

OUR BOARDING HOUSE

A word from
THERON at the
Old Country Store

Last year we spent more than fifty thousand dollars for stamps and promotions, this year we are using most of that money to bring our customers lower prices. I think the biggest favor any business man can do for his customer is to send him away with more cash in his pocket. You can live better for less when you shop at the Country Store.

Leetonia's Homecoming Attracted 5,000 Persons

LEETONIA — Richard Greg was a success. Some 5,000 people were estimated to have attended. Sponsors just ended, reported the event were the American Legion and

Athletic Boosters Club.

OFFICERS OF THE Women's Society of Christian Service of the First Methodist Church were installed during the worship service Sunday by the Rev. Albert F. Oakes.

Rev. Oakes explained the emblem of the Society that it is known for its world-wide service.

The following officers will serve for the 1962-63 church year: Mrs. Ed Gotthardt, president; Mrs. Robert Kornbau, vice president; Mrs. Albert Oakes, honorary vice president; Mrs. Harold Cleckner, secretary; Mrs. Gilbert Edgerton, treasurer; Mrs. George Weikart, secretary of promotion; Miss Mary Ellen Cutchall, secretary of missionary education; Mrs. Raymond Leonard, secretary of Christian social relations; Mrs. Merle Davis, secretary of student work; Mrs. Wilson Corna, secretary of youth work; Mrs. Ross Vestal, secretary of children's work; Mrs. Rosa Cox, secretary of spiritual life; Mrs. D. D. Calvin, secretary of literature; Mrs. Russell Shive, secretary of supply work, and Mrs. Lester Fisher, secretary of status of women.

Mrs. Gotthardt, Mrs. Charles Albright, and Mrs. Shive were named on the 1963 nominating committee.

EIGHT TABLES OF 500 were in play at the card party sponsored by the Rebekah Lodge Saturday evening. Prizes for high honors were won by Mrs. Roy Mathey and Clark McCowan. Special prizes went to Mrs. Ruby Johnson of Salem, Miss Mabel Middleton and Vernon Walters. Mrs. James Rance will entertain the Esther Circle of the Presbyterian Church at her home at 8 p.m. Thursday.

Palestine Police To Guard Against Park Vandalism

EAST PALESTINE — The police department will be requested to increase their patrolling of City Park to help curb the current rash of vandalism there.

The park board voted Monday night to urge police to cruise more frequently through the area, especially after closing hours when the damage has been taking place.

Roving teenagers are suspected of shooting out electric lights with B-B guns, breaking down doors in and around the bathhouse and damaging picnic tables. Edson Rudge, park commission secretary, said the hours at which the vandalism has been occurring indicates older juveniles are causing the havoc.

The commission agreed to sponsor a fireworks display at the park on Independence Day, the first such display since economy measures forced their elimination five years ago. Before that fireworks had been an annual part of the July 4th observance.

A contract was signed with the Lisbon Fireworks Co. for the display at dusk on July 4. Rudge said the cost would range "between \$400 and \$500".

Part of the money will be raised by the Key Club and part by merchants and industry. The commission instituted a new program for raising revenue and providing service by renting the swimming pool this summer for private parties between 9 and 11 p.m. The charge will be \$20 an hour.

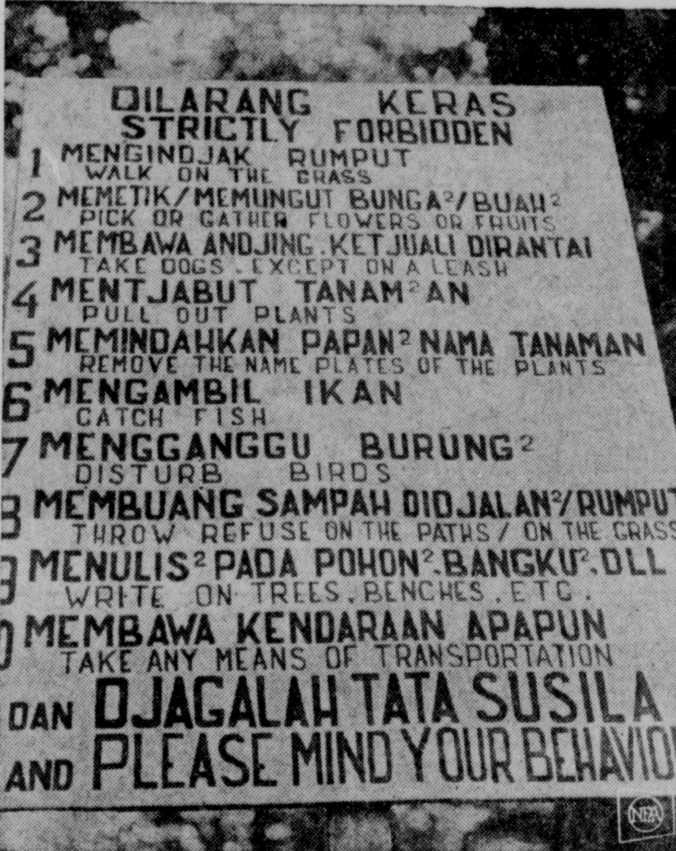

Negley Man Is Fined For Abandoning Dogs

EAST PALESTINE — Raymond Woods of Negley was penalized on two dog charges Monday night in Eastern County Court.

He was charged with abandoning five pups on the Negley Rd., one of which was killed by a passing motorist, and failing to purchase licenses for his pack of older dogs.

On the first charge Judge Herbert Arfman fined Woods \$15 and costs and on the second, he suspended the fine and ordered Woods to buy licenses and pay court costs.

The four live pups allegedly released by Woods were picked up by Harold McCall, deputy dog warden from Rogers.

NOW HEAR THIS—When the Asian Games begin in Djakarta, Indonesia, visitors will see signs like this in the city parks and elsewhere in the country put up especially for them. The list seems to cover most kinds of behavior.

Greeks Can Buy Wheat Cheaper Than Growing It

ATHENS, Greece (AP) — Premier Constantine Caramanlis is trying to get Greek farmers to grow less wheat because it is cheaper to obtain American surplus stocks under U.S. aid programs.

Caramanlis urged Greece's 250,000 farmers in a speech Sunday to cut down "harmful and wasteful wheat production which is disadvantageous to the consumer."

He said Greece's wheat production, high enough to meet all requirements, made it impossible to receive U.S. surplus commodity aid.

American surpluses, he said, would not only secure cheap bread, but also provide considerable gains to the national budget.

Caramanlis said his government will continue to protect wheat producers by guaranteeing them a price of 2,700 drachmas—\$90—a ton.

Three Youths Fined For Gasoline Theft

EAST PALESTINE — Donald Lee Burson, 20, and John Paul Burson, 18, both of Rogers Rd 1, and George Elmer Heaton, 19, of New Waterford were each fined \$200 and sentenced to 90 days in the county jail Monday afternoon by County Judge Herbert Arfman on a charge of stealing gasoline from equipment at a road improvement site on Route 46, east of New Waterford.

Judge Arfman suspended all except \$50 of the fines and the jail sentences. The youths paid their fines and were released.

The three were apprehended early Monday morning after they were surprised taking the gasoline. They escaped in a car but its license number was noted and they were picked up shortly afterwards.

Blake Spent \$631 In Bid for Office

State Sen. Arthur Blake of Martins Ferry spent \$631 in his unsuccessful bid for renomination on the Democratic ticket in the May 8 primaries, according to his sworn statement of campaign expenditures on file today with the County Election Board in East Liverpool.

With the number of district seats cut to one in the next term because of periodic reapportionment, Sen. Blake was defeated for the party nomination by the other Democratic incumbent, Sen. Edmund A. Sargus of St. Clairsville.

Meanwhile, the Salem Democratic Central Committee reported it spent \$120 on the campaign. The report was filed by Lloyd D. Morrison, treasurer, June 22 at 4 p.m. is the deadline for the reports.

Ohio Farmers Get \$108 Million In Aid

CLEVELAND (AP)—Ohio farmers are getting 10 per cent of their gross income this year as federal benefits distributed through the Agricultural Stabilization and Conservation Service ASC, the Cleveland Plain Dealer said today.

The newspaper said ASC offices in 87 Ohio counties—only Cuyahoga County has none—are passing out more than \$108 million in direct payments and crop loans for the fiscal year ending this month.

County offices are operating this year on a budget of \$5,595,478 and they employ 393 fulltime staffers, plus season help. They are supervised by a state office in Columbus employing 54 on a budget of \$537,000.
